

# **Bowling Green's Historical Trees**

Presented

By

Bowling Green Tree Commission

# Bur Oak

- 135 Ada Street
- Circumference - 16.3 Feet
- Height – 83 Feet
- Located in the rear of this property. This oak with its massive trunk could have largest and widest canopy of any City tree.

# American Elm

- 1314 Napoleon Road
- Circumference – 14.6 Feet
- Height – 87 Feet
- Located just east of Cherry Hill Drive on the south side of Napoleon Road. This specimen is planted appropriately away from power lines and has a magnificent canopy.

# Green Ash

- 841 Scott Blvd.
- Circumference – 9.5 Feet
- Height – 92 Feet
- Located in the rear yard and is correctly situated away from overhead lines. It has a massive canopy.

# Red Oak

- 881 Scott Blvd.
- Circumference – 15 Feet
- Height – 121 Feet
- Located across the street from 156 Brigham Lane there is small grove of oaks with this tree being the largest.

# Cottonwood

- 707 N. Main Street
- Circumference – 22.8 Feet
- Height – 139 Feet
- Located in the front yard of this historic Queen Anne style home. The largest trunk of any tree in the City at 22.8 feet and growing. In 1993 survey the trunk was measured at 21.7 feet.

# Ginkgo

- 431 W. Wooster Street
- Circumference – 11 Feet
- Height – 95 Feet
- By far the largest Ginkgo in the City. This very old tree is located at the rear of this century old mansion in the Boom Town District of the City.

# Sycamore

- 325 S. Church Street
- Circumference – 13 Feet
- Height – 138 Feet
- Located in the rear at the corner of the home. The largest sycamore in the City. Beautiful specimen with it's huge canopy.

# Hackberry

- 203 Clay Street
- Circumference – 17.6 Feet
- Height – 143 Feet
- Located in the rear yard the current resident led effort to save this stately tree by installing cable and braces to stabilize the tree. The tree was surveyed in 1993 with a circumference of 16 feet.
- Third largest Hackberry in the State of Ohio.

# Bald Cypress

- 215 Pike Street
- Circumference – 6 Feet
- Height – 76 Feet
- Located in the tree lawn of this home across from Wood County Courthouse.
- Unusual tree species. The tree was on the original survey in 1993.

# White Willow

- 510 Hillcrest Drive
- Circumference – 23 Feet
- Height – 96 Feet
- Located in the rear yard.  
The current resident nominated the tree through the Ohio DNR Big Tree Registry and it was determined to be the largest white willow in the state.
- State Champion Tree

# Black Gum

- 1070 Melrose Court
- Circumference – 6.6 Feet
- Height – 84 Feet
- Located north of the home in the side yard. This tree towers over a grove of smaller black gum saplings.
- The tree is 84 feet tall and near the state record for this species.
- The tree will be nominated for the Ohio DNR Big Tree Registry in July 2006.
