

THE CITY OF BOWLING GREEN

WISHES TO REMIND MOTORISTS OF THE REGULATIONS PROHIBITING PARKING ON CERTAIN STREETS DURING SNOW, ICE OR SLEET CONDITIONS.

The regulations prohibit parking on the designated streets (including all cul-de-sacs) during "Snow Emergencies." A "Snow Emergency" can be declared if snow, ice, or sleet is forecast, and in any case will automatically become effective without a declaration when the snow depth reaches two inches (2").

When a Snow Emergency is declared the news media will be advised. The declaration will contain the effective time of the emergency. If snow reaches a depth of two inches without a Snow Emergency having been declared, the police desk will be able to advise the official time at which snow reached the two inch dept.

If a Snow Emergency becomes effective between 7:00 a.m. and 9:00 p.m., motorists have two hours in which to remove their vehicles from the designated streets.

If the Snow Emergency becomes effective between 9:00 p.m. and 7:00 a.m., motorists have until 9:00 a.m. to remove their vehicles from the designated streets.

Vehicles remaining on the designated streets in violation of the regulations are subject to being towed at owner expense.

If a particularly bad storm is forecast, additional streets may be designated in the declaration of emergency. If this should happen, every effort will be made to notify the news media and to post temporary "NO PARKING" signs.

The designated streets are called "SNOW STREETS" and are printed below. "SNOW STREET" signs have been erected on snow streets. It is pointed out, however, that the absence of signs will not relieve motorists of responsibility for improper parking.

Although the City will make every effort to inform the public of the existence of probably development of weather conditions requiring removal of motor vehicles from snow streets, motorists are still responsible for determining probable or existing weather conditions and removing their vehicles if required by the regulations.
